

Every Nation

Jeremy Moss

Verse 1:

You spoke and light was formed
Breathed out and life was born
Your greatness on display
In creation

Chorus:

Ev-er-y nation, tongue, and tribe
Every generation glorify
All of creation testify
of Your great name
of Your great name

Verse 2:

The power of God displayed
In our brokenness remade
There's healing in Your name
For the nations

Bridge:

Take us to new places
Show us new faces
Wherever your grace is
Is where I wanna be
Telling Your story
Showing Your glory
Giving Your hope
To those in need
